## Company Capabilities

On-site solutions that reduce trucking and disposal costs and keep projects moving. Based in Central Florida and Central Indiana, we mobilize throughout the Midwest and Southeast for select projects.

RAP

### Mobile Asphalt Crushing (RAP)

- Millings, tear-outs, and RAP stockpiles
- On-site crushing to reusable material
- Supports base and reuse applications (spec dependent)

RCA

### Mobile Concrete Crushing (RCA)

- Slabs, foundations, curb, demo concrete
- Recycled concrete aggregate (RCA) on-site
- Reduces dump fees and imported aggregate

EM

### Earthmoving

- Cut/fill, grading, site prep support
- Works alongside crushing and stockpiling
- Keeps production moving and material flowing

SP

### Stockpiling & Material Handling

- Stockpile building and management
- Efficient loader support and staging
- Cleaner logistics and fewer bottlenecks

TR

### Equipment Transport

- Jobsite-to-jobsite equipment moves
- Securement and route planning
- Permits/escort coordination (as needed)
